RE: Formal Application for Charter Renewal for Woodward Leadership Academy Charter School

Dear Superintendent Arellano, Ms. Ernestine Hopwood, President Ceballos, and the SBCUSD Board Members,

As the Executive Director for Woodward Leadership Academy Charter School, (“WLA” or the “Charter School”) I hereby formally submit the charter renewal petition (“Petition”) to the San Bernardino City Unified School District (the “District”) for renewal of Woodward Leadership Academy Charter School.

Woodward Leadership Academy is honored by the opportunity to apply for the renewal of a charter school that will continue to serve families in San Bernardino and is eager to work with the District to provide the best possible educational opportunities for all students. Many of you have been a part of our journey from its inception. There were many times when it did not seem that we would be successful. From the outside, it would appear that we have experienced an extraordinary amount of failure. The truth, in fact, is that one can only be deemed a failure if they stop trying. Time and time again, we have demonstrated that regardless of the pitfall, we will rise like a phoenix from the ashes. We confidently take the losses that we have experienced and use them as a blueprint to further catapult us to our goal of being an exceptional learning institution for the students of San Bernardino City and the surrounding areas.

Some of the events that have propelled us forward include:

- Continually hiring qualified and dedicated staff who truly care about the education of the students
- Becoming a member of CCSA
- Contracting with Creative Back Office (CBO) for back office support services
- The purchase of AERIES for attendance accounting
- Hiring a Literacy Specialist
- The purchase of Parent Square and ProCare to increase parental communication
- Participation in community events
- Transparency from the Board of Directors
- Support from parents and community members
- Support from SBCUSD
- Hiring a Director of Student Success and a Discipline Coordinator
- Continued use of i-Ready assessments
- Implementation of NWEA Map Growth for additional data analysis

We believe that the aforementioned items, coupled with a resolve to be successful, will continue to be the force by which we move forward and continue to serve the families within our community.

We thank you in advance for your consideration and we look forward to continuing our work as a SBCUSD authorized charter school. WLA looks forward to working with the District Board and District staff during the charter renewal process. To this end, the Petitioners pledge to work cooperatively with the District to answer any questions regarding this Petition and to present the District with the strongest possible proposal requesting renewal.

Please do not hesitate to contact WLA at any time, should you have any questions or concerns.

Sincerely,

Jacqueline Johnson

Goals and Looking Forward

It has been the effort of the Woodward Leadership Academy Staff that has worked to fill in gaps in the school over the years. As the 2023-24 school year came to a close, the Board implemented changes within the leadership and teaching staff of the school. Master and Lead Teachers were introduced. One of the mandates from the Board was making WLA a school that has encompassed leadership by implementing an ASB body and CLAWS (parent committee) just as its namesake, Tuskegee Airman, Captain Edward W. Woodward, Sr. Administration began working with the staff and faculty through staff meetings and professional development. We will endeavor to meet the Measurable Outcomes outlined in element two of the Charter Petition. While many of the goals have been met, we are continuing to move forward to ensure that the goals established when we began in 2011 are actualized.

Reflection

Charter Petition Background

In accordance with the Charter Schools Act of 1992 (Education Code Section 47600, *et seq.*), the San Bernardino City Unified School District Governing Board granted a charter petition to Woodward Leadership Academy in 2012 to operate an independent California public charter school serving grades K-6. WLA, which now serves grades TK-6, is operated as a 501(c)(3) tax-exempt, non-profit public benefit corporation.

Woodward Leadership Academy was approved by San Bernardino City Unified School District in 2012 to serve a community that suffers from high unemployment, high crime rate, drive-by shootings, low expectations, little hope, low academic achievement and other common traits of communities of poverty. On June 2014, the District first renewed the WLA charter petition and authorized the Charter School through June 30, 2017. Subsequently, a second renewal was approved for the current term through June 30, 2022. Due to the disruption caused by the COVID-19 pandemic, this current term was extended multiple times by Education Code Section 47607.4 and the new term ends on June 30, 2025.

WLA now submits this Petition seeking another renewal. This will be the third renewal for WLA and the Charter School looks forward to its continued strong partnership with SBCUSD.

A group of concerned individuals merged their visions and a shared mission to make a difference in and improve the quality of public education. This new charter school was founded and thought it would be a place where students, in connection with their families and the community, could belong and actualize themselves empowered with the tools of education.

Named for the late Captain E. Woodward, a Tuskegee Airman, Woodward Leadership Academy will strive to be the best. Just as America's first black military pilots and their support personnel were successful in their duties because they learned to rely on their strength of character and courage to have the ability to triumph over adversity, so will the students at WLA. Like these brave men, known as the Red Tails, the Founder's of WLA intentionally weaved into the heart of the mission that students attending WLA will rise above obstacles in order to achieve their goals.

We enthusiastically opened our doors, greeting students and parents, with an expectation of a new learning experience conducted by an innovative Executive Director, teachers, and staff. With the support

of stakeholders, community based organizations, and our board of directors, WLA, looks to “Rise Above” and soar to new heights. The school has faced more challenges than could ever be imagined including an unprecedented amount of turnovers in administration. During these transition periods, the board has quickly rebounded to ensure that the students were not affected and remained engaged in their academic studies.

The majority of our students are identified as socio-economically disadvantaged. Woodward enrolls a higher percentage of African American and Low Income students compared to the State and district average in 2024, and is the only majority African American school in its area. Woodward serves a lower proportion of Latino students and students classified with a disability than its neighbors, SBCUSD, and the State.

Our teachers and staff must be prepared to address the unintended consequences of living in poverty. Studies show that children raised in poverty are faced daily with overwhelming challenges which leads to less than desirable academic performance. Therefore, our staff, through professional development, has learned that building relationships of respect is essential to improving learning outcomes. These same relationships are equally important to keep our students returning year after year.

Accountability is essential to success. WLA began to see a positive change during year four when a strong administrator was hired to lead the team. A strong emphasis was placed on the teaching staff being able to deliver accurate, intelligible, performance-based information to increase academic excellence. We begin to use student achievement assessment data and to hold everyone accountable for attaining and maintaining the goals set forth in the charter. Teachers are expected to enhance the learning environment by engaging students in rigorous and standards-based curriculum. Parents are asked to support the team by raising their expectations in school work and attendance.

As we completed year five, WLA was sound in fiscal management and has demonstrated the ability to build on a floundering budget from year one to a positive in year four and five. With new financial managers, clear and precise monthly reports are made available to the Board of Directors for their review and assessment. This regular review of the financial status of the school enables the Board to determine the adequacy and strategic application of financial resources to meet the Board's policy objectives.

WLA has a Board of Directors with varied professional backgrounds. Together they are committed to making this a successful school. The Board is willing to work to make decisions such as hiring the right staff for the school, determining the best use of limited resources, finding and securing other streams of revenue for facilities, setting academic goals for the staff and providing the resources to enable them to carry out the mission. The Board has earned community-wide trust based on a record of academic and fiscal accountability. WLA has established partnerships that are instrumental in helping support our education vision and mission.

Woodward Leadership Academy knows student achievement is connected to the effectiveness of the teacher in the classroom.

Teachers at WLA receive extensive professional development each school year. This includes weekly professional learning communities (“PLCs”). Furthermore, professional development days are set

aside in the calendar to provide teachers with sufficient time to analyze data, create action plans, from the grade level all the way to the individual student, as well as plan instructional adjustments going forward. Emphasizing the Charter School's commitment to developing its staff, each year administration attends the California Charter Schools Association's ("CCSA") annual conference where the most current best practices can be learned and discussed and then taken back to WLA. Lead teachers meet with the teachers weekly to discuss any areas of concern or need. The lead teacher then meets with the Executive Director to further discuss their issues.

Finally, WLA ensures teachers and students are put in a position to be successful each day in the classroom. A few highlights to this point include small class sizes; and extended school days, resulting in thousands of additional minutes of instructional time for students compared to California's minimum requirements; and high quality, engaging curriculum that works for students, teachers and families to ensure all students achieve.

Maintaining student engagement in learning and instruction was provided throughout the pandemic via effective distance learning.

Successfully supporting student and family needs; as enabled by WLAs' small in-person classroom atmosphere and the support provided to families.

Both these supports and the results achieved following their implementation are described further in the renewal criteria section of the Petition. In particular, WLAs' significant improvement in lowering its Chronic Absenteeism rate from 2021-22 33.4% were chronically absent to 2022-23 whereas 16.7% were chronically absent and 2023-24 there were 12.5% chronically absent. This decline is evidence of how effective the Charter School can be when it identifies an area for growth using data and intentionally targets support to improve outcomes in the identified area.

In sum, the Petition provided by the Charter School contains myriad reasons for renewal. Some of those reasons are listed here and many more can be found through the elements of the Petition. The results, in their totality, demonstrate renewing the Petition of WLA for a new term is of educational benefit to the families, students and community served by the Charter School.

We are grateful for the opportunity to submit this petition requesting renewal of our charter for an additional two years. While the pandemic brought significant disruption and challenges during the current term, WLA is proud of its many accomplishments, especially the few highlighted below that illustrate the Charter School's effective response to distance learning implemented during the COVID-19 pandemic.

CHARTER RENEWAL CRITERIA

Pursuant to the amendments made to Education Code Section 47607, and the creation of Education Code Section 47607.2, by Assembly Bill 1505 (2019), at the time of charter renewal a chartering authority shall consider the performance of the charter school on the state and local indicators reported on the California School Dashboard (“Dashboard”), and, in some circumstances, the performance of the charter school on assessments deemed to be verified data.

In addition to the shift toward assessing Dashboard data, Assembly Bill 1505 also created a three-tiered system of evaluating charter schools’ performance, plus a separate category for Dashboard Alternative School Status schools. Each of the three tiers has unique qualifying criteria.

The three performance categories are as follows:

High Performing – Presumptive renewal if the charter school meets the established renewal criteria – Education Code Section 47607(c)(2).

Low Performing – Presumptive non-renewal if the charter school meets the non-renewal criteria, unless the chartering authority makes a finding to approve for a two-year term – Education Code Section 47607.2(a).

Middle Performing – Renewal unless the charter school failed to meet or make sufficient progress toward meeting standards and closure is in the best interest of students, evaluated using the California School Dashboard (the “Dashboard”) and Education Code Section 47607.2(b).

For the first time since 2020, the CDE has published a list of high-, middle-, and low-performing charter schools. WLA has been deemed a low-performing school by the CDE, under criterion 2 (performance schoolwide and for subgroups, against state averages).

The 2023 Dashboard is the first since 2019 to display the intended red, orange, yellow, green, and blue colors for schools' status and change scores in the state indicators. The 2022 Dashboard uses one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for all state indicators based on the 2021-22 school year data. As such, the 2023 Dashboard is not based on two years of color-based performance.

The state indicators include the following:

Chronic Absenteeism: kindergarten through grade eight

Suspension Rate: kindergarten through grade twelve

English Learner Progress: grades one through twelve

Graduation Rate: high school only (N/A for WLA)

College/Career: high school only (N/A for WLA)

Academic: grades three through eight, and grade eleven – English Language Arts (“ELA”)/Literacy and Mathematics California Assessment of Student Performance and Progress (“CAASPP”)

Despite our low-performing status, the data below shows that WLA has experienced significant growth in recent years in Math and ELA, and consistent improvement in chronic absenteeism:

Source: 2024 CA School Dashboard

Source: 2023 CA School Dashboard

Despite seeing a small decline in ELA and Math scores in 2024, WLA saw a noteworthy increase 2022-23 of 67.7 points for ELA and 32 points in Math. Additionally, WLA has seen chronic absenteeism steadily decline, dropping 17.7% in 2023 and another 4.2% in 2024. Accordingly, WLA's low performing status should not distract from the commendable improvements WLA has made and will continue to make in order to address the underlying sources of its low performing status.

Rationale for Renewal of Woodward Leadership Academy Charter Petition

For low-performing charter schools, Education Code Section 47607.2 mandates that the District shall consider the following factors, and may renew a charter that meets the criteria in paragraph (1) or (2) only upon making both of the following written factual findings, specific to the particular petition, setting forth specific facts to support the findings:

WLA has met both of the above requirements, not just one, as follows:

- (1) The charter school is taking meaningful steps to address the underlying cause or causes of low performance, and those steps are reflected, or will be reflected, in a written plan adopted by the governing body of the charter school.
- (2) There is clear and convincing evidence showing either of the following:
 - (a) The school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school.
 - (b) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers.

The Organization's Board adopted a written plan at its February 28, 2025 regular Board meeting demonstrating WLA is taking meaningful steps to address the underlying causes of low performance. The leadership team at WLA is confident the steps laid out in this plan, and the WLA Local Control and Accountability Plan, will lead to improved student outcomes. Coming out of the pandemic and distance learning, the Organization's leadership team identified areas of lower performance and made significant changes to the academic program and school leadership for the 2023-24 school year, well

before the 2023 Dashboard report was even released. These changes in 2023-24 have already started showing positive academic results for students. In fact, the 2023-24 increases in student achievement, as measured by i-Ready, shows students are exceeding their academic growth goals. As these changes in 2023-24 have shown promise, WLA will continue implementing these system improvements, along with the other strategies laid out in the performance improvement plan and our Local Control and Accountability Plan ("LCAP").

ELEMENT 1:**EDUCATIONAL PROGRAM**

Governing Law: The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an “educated person” in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners. Education Code Section 47605 (c)(5)(A)(i)

The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals. Education Code Section 47605(c)(5)(A)(ii).

VISION

Our vision of WLA is to reinvigorate our community by building healthy scholars and leaders who contribute to building a healthy community. Individual achievements will positively impact families, neighborhoods, and the global society in which we live. Woodward Leadership Academy seeks to create a school with a positive reputation for academic achievement along with socio-emotional development that will draw students from San Bernardino and surrounding areas.

MISSION

The mission of WLA is to provide an excellent education through rigorous curriculum taught by knowledgeable teachers. The knowledge and information received by students at WLA will equip them to have strong morals and be responsible community members. Students at WLA will also be taught leadership skills along with being taught to have a healthy sense of self-efficacy. This elementary school foundation will prepare WLA graduates for middle and high school. Additionally, WLA will work to create a foundation for life-long learning, and develop the capacity of its students in order to assist them in reaching their highest potential in every area of life.

TARGET SCHOOL POPULATION

Woodward Leadership Academy Charter School currently serves 71 students in grades TK-6. As the chart below demonstrates, Woodward Leadership Academy has had the pleasure of serving students from a rich diversity of ethnic groups. Similar to the District, a vast majority of the students served at WLA are socioeconomically disadvantaged (“SED”). WLA will continue to serve parents/guardians who desire a smaller learning environment in which to enroll their student.

Woodward Leadership Academy will comply with all local and State laws regarding the enrollment of students.

What it Means to be an Educated Person in the 21st Century

According to Turgunbaeva, et.al (2016), “education can form the habit of a leader; develop knowledge of leadership, skills and abilities of constructing leadership roles and functions, and leadership skills.” Woodward Leadership Academy seeks to develop both the academic and social leadership skills of our students. Through rigorous lessons that our students complete in both digital and textbook formats, along with the development of classroom projects, WLA students will develop and utilize leadership skills that will prepare them for high school, college, leadership, and lifelong learning opportunities. WLA students will matriculate to middle school with the skills and attributes that are critical for all 21st century learners. As our students engage in their classroom work that is based upon Common Core State Standards (“CCSS”), Next Generation Science Standards (“NGSS”), History-Social Science Framework, English Language Development Standards, and remaining State Content Standards (collectively referred to as “State Standards”), they are simultaneously learning how to critically think. Additionally, because our teachers are also integrating project based learning into their lessons, students are also using their creativity to show they have not only memorized subject matter content material, but they are able to demonstrate their knowledge of the material. When students are assigned projects, they also have to learn how to set goals for completing those projects. These short term goals allow them to then set longer term goals for reports, preparing for benchmark and standardized testing. These soft-skills will help prepare our students for life beyond high school.

Woodward Leadership Academy believes that students not only need an academic foundation that is strong in any core subject matter, but that possessing a deep understanding of the sciences and humanities is also important. These, along with core subject matter competency, require our students to acquire problem solving skills and to develop learning and reasoning skills that will prepare them for life-long learning. One of the ways WLA assists students in learning all of these skills is through the use of technology. By having a curriculum that is in digital formats, our students are learning to properly

utilize technology. All students at WLA are provided with a professional email address. They can use this address to send emails to their teacher to ask questions about classroom assignments or projects. Using technology to communicate with teachers is also a means of helping our students learn how to effectively communicate. When our students are completing classroom projects they are also giving oral presentations. This allows them to practice effective speaking skills. By working in groups and giving presentations before their classmates who are from diverse backgrounds, WLA students are learning how to work with people of various ethnicities. When integrating projects, technology, learning various subjects, and working with others from diverse backgrounds, WLA students have the opportunity to gain attributes of responsibility, citizenship, sociability, diligence, civility, integrity, and honesty. These attributes, along with the skills they learn from completing classroom assignments and taking advantage of community service opportunities make WLA students not only prepared for the 21st century, but allow them to have the foundational skills to be productive, effective citizens who are able to participate in the social justice systems in society. As our students state every morning in the school-wide affirmation, “I will have a positive impact on the earth.”

How Learning Best Occurs

Woodward Leadership Academy believes that learning best occurs when:

- Students are in a safe and nurturing environment where diversity is celebrated
- Students are in an environment where all school community members (teachers, support staff, parents/guardians, community volunteers, peers and administration) collaborate to achieve their school vision by sharing the responsibility and decision making for curriculum, instructional strategies, and school organization
- An educational environment that builds on students’ strengths through enrichment activities, independent research, problem solving, creative thinking, music, art, environmental and technology
- Students see the connection between what they learn and the real world
- Students work well individually and cooperatively as members of a group
- Teachers have high expectations for all students
- Teachers work collaboratively to identify student strengths and areas for improvement in mastering the State Standards for each subject area
- Teachers use differentiated instruction to address each student’s needs and potential
- Teachers use formative and summative data to drive instruction
- Teachers continue to grow through professional development and remain lifelong learners
- WLA has high expectations for student behavior, academic and socio-emotional development, and the levels of student self-esteem and satisfaction
- WLA has high expectations for staff professionalism, teacher and support staff effectiveness in ensuring that learning takes place for all students, and the levels of staff self-esteem and satisfaction
- WLA supports the efforts of the teachers and support staff
- The Executive Director, as the instructional leader, empowers school community members to identify, articulate, and address a shared vision for the school’s educational program

- The school treats all students as gifted and talented by offering an accelerated and academically rich curriculum to all students
- Students have an educational experience that prepares them for successful learning opportunities and prepares them for success in college, careers, leadership and economic success
- Students can build sustained and caring relationships with their fellow peers, teachers, support staff, administration, and community members.

Through collaboration, and with care and compassion, the Woodward Leadership Academy Staff will work diligently to create a safe and structured learning environment while meeting the academic and socio-emotional needs of all students.

Enrollment and Instructional Minutes

Increasing enrollment is paramount to the success of Woodward Leadership Academy. We realize that increasing enrollment involves multiple processes that must occur simultaneously. The first process involves getting students who are currently enrolled to come to school on time each day. To accomplish this effort, teachers at WLA have worked diligently with the adopted curriculum to provide engaging lessons that peak the curiosity and interest of our students. Students have the opportunity to work as helpers in the classroom. They also have the opportunity to operate in the role of co-facilitators. This function allows teachers to view student mastery of subject matter content as well as determine if a student requires additional help in a timelier manner. By having students come to the board or orally present their work, this also provides an additional individualized assessment.

Student level awards are another means by which WLA excites students to attend school on a daily basis. Students are rewarded with pizza parties, ice cream socials, or having lunch outside (weather permitting). Our student level awards include certificates for perfect attendance which are awarded on a monthly basis. Additionally, students receive monthly awards for citizenship, most improved, outstanding participation and leadership.

WLA continues to work on increasing parent involvement at our school. We hold monthly Coffee with the Counselor. We have also begun having those parents who volunteer to call other parents to personally talk with them about events and getting involved with the school. Newsletters are also sent to parents. The school also communicates with parents via Classroom Messenger, an application that sends emails to parents.

Outside of the classroom, WLA is working to re-brand itself and has also committed to increase community outreach and student recruitment efforts. These tasks include a complete overhaul of the Woodward Leadership Academy website. The website will be updated and will include the enrollment process. Updated flyers will be distributed to various pre-schools, local community organizations, and other networks that work with or assist children in the grades WLA serves. The school will also advertise in the local community newspapers. Lastly, the school flyer will be sent for distribution to email list services of community based organizations. Combining the efforts of engaging curriculum, increasing parent involvement, our rebranding, and raising awareness about Woodward Leadership Academy

within the local communities are the various methods that will be used to maintain and increase enrollment at WLA.

Woodward Leadership Academy will operate no fewer than 175 designated student attendance days annually. School hours will be 8:00 am-2:30 pm. Mondays are designated minimum days to allow teachers an opportunity for weekly professional development. Mondays will operate on a regular schedule when there is a national holiday or scheduled parent-teacher conferences during the week. The Woodward Leadership Academy office will hold parents responsible for bringing their children to school and for clearing absences as they occur.

TK- Kindergarten	Grades 1 to 3	Grades 4 to 6
36,000 Minutes	50,400 Minutes	54,000 Minutes

Woodward Leadership Academy operates a traditional school year that exceeds the instructional minute requirements in Education Code Section 47612.5. Additionally, the school offers after school enrichment each day and tutoring as needed to provide further instruction for students and to increase academic achievement. The standard instructional day operates from 8:00 am to 2:30 pm. The Literacy Specialist pulls students out of class on a daily basis for one on one tutoring. The Director of Student Success monitors in the combination classes at the computer lab to allow the teachers to work with students in each grade individually in preparation for CAASPP testing 45 minutes a day twice a week.

Curriculum and Instruction

Woodward Leadership Academy is a site-based TK-6 public charter school. The educational program is uniquely suited to meet and exceed the diverse educational needs of the students we serve. The key characteristics of WLA include:

Highly structured values-centered curriculum utilizing State Standards

Our school emphasizes learning and achievement and focuses on developing within each student a strong sense of discipline, ethical values, personal responsibility, and respectfulness.

Teaching students how to learn and how to master grade-level skills

Our school teaches students critical analysis and reasoning skills so that they know how to learn and how to access knowledge.

Intensive focus on literacy

Our school's intensive focus on literacy begins with the foundation of phonics and grammar so that students may develop their knowledge and understanding of composition and literature. Reading is a key component of our academic program and a love of reading for leisure and pleasure is instilled in each student scholar. Teachers implement common core strategies including reading, synthesizing, referring to the text to answer questions and making text base conclusions.

Academic Curriculum

All adopted curriculum at Woodward Leadership Academy is aligned to the State Standards. WLA places a high value on the quality, condition and availability of textbooks for all students. Textbooks and supplemental materials in core academic areas are selected with a strong focus toward alignment to State Standards.

Textbooks and Instructional Resources

WLA places a high value on the quality, condition and availability of textbooks for all students. Textbooks and supplemental materials in core academic areas are selected with a strong focus toward alignment to Common Core State Standards.

COURSE	TITLE	PUBLISHER
Language Arts TK-6	Journeys	McGraw Hill
Math TK-6	My Math	McGraw Hill
Social Studies TK-6	Impact	McGraw Hill
Science TK-6	Inspire	McGraw Hill

As noted in the chart above, WLA utilizes digital CCSS curriculum. This delivery option allows WLA students to use technology in the classroom along with further meeting the needs of students who are tactile learners. Every lesson focuses on the State Standards, moving children toward higher-order thinking and college and career readiness. The English Language Development ("ELD") component is appropriate for elementary students at all language proficiency levels. The Journeys and CA My Math curriculum are utilized by all teachers as the adopted WLA ELA and mathematics curriculum. Impact Social Studies and Inspire Science complete the core subject matter curriculum adopted and used by all teachers as the primary curriculum at WLA. The expectations of WLA is that all students reach or exceed grade level standards in core and supplemental subjects including, social studies, and the arts.

WLA understands the importance of utilizing research-based instructional practices to promote student achievement. In order to address how learning best occurs, staff are being trained to:

- best utilize the WLA adopted curriculum to meet the academic needs of all students;
 - align appropriate assessments to the standards;
 - implement relevant, supplemental instructional activities that are aligned to standards and reflect research-based best practices; and
 - design instruction that incorporates strategies detailed in *Classroom Instruction that Works*, by Marzano, Pickering, and Pollock.

Plan for Students who are Academically Low Achieving

At WLA low-achieving students are identified as students who achieve at the lowest quartile on a standardized test or student report data on the i-Ready assessment shows they are below grade level in one or more sub-skill levels in math and/or reading, are below or far below basic on classroom grading rubrics, or are not demonstrating academic and developmental success in the classroom. Teachers identify those students in their classes and their particular needs and provide them with additional classroom support. The Director of Student Success and Literacy Specialist work hand in hand to identify and monitor student progress as well as outline individual specific goals. A major emphasis of the WLA curriculum structure and instructional strategies outlined here is to maximize the learning opportunities of low-achieving students. Low-achieving students are integrated into the entire student body at the school and participate fully in all aspects of the curriculum. We have high expectations, and with support systems for all WLA students, we expect to exceed our performance goals.

WLA will mail out student progress reports every five (5) weeks, and teachers will be encouraged to contact parents/guardians by phone or email as soon as a problem is noticed. Parents/Guardians of low-achieving students, those who are not demonstrating grade level skills and abilities, will be contacted personally by the end of the sixth (6) week of the school year. Students achieving below grade level in more than one area may be referred for a Student Success Team (“SST”) meeting. A student can be referred for an SST meeting by a parent/guardian, or a faculty or staff member. Once referred, the campus SST coordinator contacts the parent/guardian and meets with the teacher to gather background information, as well as observe the student in class. Once data has been gathered, the SST, composed of at least the parent/guardian, teacher, and SST coordinator, meets to discuss appropriate interventions and accommodations for the student. The Team reconvenes periodically throughout the year to monitor student progress and modify the plan as needed. At the end of the second grading period, parents/guardians will be notified if their student has not made sufficient progress towards meeting the standards for promotion. They will be informed at another SST meeting the standards that their student is still not performing at grade level.

Strategies to Improve the Performance of Below Grade-Level Students

1. By the end of the eighth week of school, all parents/guardians of students at WLA, identified as low achieving, will have been informed of their student’s academic standing.
2. At Back to School Night and parent/guardian education workshops, parents/guardians are given specific suggestions as to how to help their student at home.
3. A list of available tutoring, library and enrichment resources is made available for parents/guardians of all students.

4. Staff development sessions are devoted to differentiated instruction, including how to meet the needs of both low achieving students and gifted/talented students.
5. Implementation of NWEA Map Growth for additional academic support and data analysis.

Plan for Students who are Academically High Achieving

WLA believes that all students are entitled to a curriculum that offers the best of what we know about education, which is normally reserved for students identified as gifted. Students who demonstrate an ability to achieve beyond grade level as well as any students who want the challenge, are provided unlimited opportunities to study the core curriculum in-depth at an accelerated pace. This advancement opportunity allows for novelty in student outcomes while emphasizing higher levels of cognition.

Students may be identified as high achievers in grades 1-6. Students who are identified as high achieving may be clustered in academic peer groups in each class using flexible academic groupings and specialized programs as needed. Teachers provide a qualitatively differentiated curriculum according to common core guidelines.

Intended Goals and Outcomes for High Achieving Students at WLA

At WLA, all teachers participate in and contribute to the academic goals of high achieving students as all teachers may have high achieving students in their classroom and are responsible for meeting these students' needs.

1. High achieving students at WLA receive differentiated instruction during Language Arts and Mathematics, including use of differentiated materials addressing algebraic and logic instruction that reflects advanced levels of thinking (synthesis and evaluation). Teachers regroup or cluster students for instruction. Teachers plan for horizontal curriculum alignment through grade-level meetings, as well as vertical curriculum alignment between grade levels to ensure a continuum of learning that reflects one or more years above grade level.
2. High Achieving students at WLA study the same core curriculum as their peers in social studies, science, music and art, however, these students have opportunities to study topics in detail and are required to demonstrate their understanding through projects, experiments, and other means of creative expression. Teachers continually modify instructional strategies to include flexible groupings and hands-on learning experiences.
3. High achieving students at WLA participate within the regular classroom as a means of developing and encouraging social awareness and understanding. Each teacher participates in the organization of classroom populations, addressing the school goals for the high achieving students and using the enrichment periods/time (art, music, computer, library time, and P.E.) to further the opportunity for differentiated instruction time.

Student Assessment and Evaluation of High Achieving

1. Teachers continually assess program design and progress at staff meetings; and, teachers make reports to parents/guardians
2. Students keep portfolios and participate in self-assessments, demonstrating achievement of curricular standards appropriate to a higher-grade level.
3. Students make presentations to parents/guardians.
4. Teachers will analyze standardized test results and other assessments of advanced performance such as participation in national math competitions to determine the strengths and weaknesses of programs in place.

Plan for English Learners (ELs)

WLA meets all applicable legal requirements for English Learners (“ELs”), including long-term English Learners or English Learners at risk of becoming long-term English Learners, as they pertain to annual notification to parents/guardians, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. WLA implements policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents/guardians. Woodward Leadership Academy offers an English Learner Program that is based upon sound educational theory, adequately supported by budgeted resources and periodically evaluated and revised as necessary to increase opportunities for success.

Initial Identification Procedures:

Registration of students: All students will register at WLA by reporting to the office. Parents or guardians will be asked to complete the forms found in the general registration packet. Bilingual assistance will be provided, unless clearly not feasible.

Conducting Home Language Survey: Adults registering students enrolling in a California public school for the first time will complete the Home Language Survey (“HLS”), containing the three questions required by law, found in the registration packet (unless the adult has copies of cumulative file records from the previous school containing a completed HLS). When there is an affirmative response on the HLS, the secretary will refer parents to the back of the HLS form which notifies them of ESL academic review and/or orally explain the process. A HLS with any affirmative response will be referred to the ESL contact person without delay.

Procedure to collect and retain the information: Registration personnel at WLA is responsible for collecting and filing registration information along with the original copy of the HLS form in the student’s cumulative folder. If there is an affirmative response to any of the questions posed on the HLS, the Administrative Assistant will refer a copy of the form to the ESL coordinator.

Once a determination has been made concerning eligibility to receive ESL services as set forth below, the ESL coordinator will complete the remainder of the ESL Procedures and the LEP Data Collection form and provide the data entry clerk with a copy for computer input. The coordinator will also complete the Eligibility Notification form, which informs parents of program eligibility or ineligibility, and provide parents with copies.

When students qualify for ESL services, each teacher begins record keeping in an ESL folder and includes copies of the aural/oral assessment instrument, data collection form, eligibility form, and LEP Committee minutes, if a meeting was held. Written data will include an individual LEP plan, which identifies student name, instruction by program (including programs other than ESL), date of LEP identification, and assessment data. When students are determined ineligible, all documents will be placed in their cumulative records files.

In serving English Learners, WLA complies with all state and local requirements. Consistent with Federal law, the school's LEP program contains the following components: identification, assessment, placement and program participation, transition and exit, monitoring and program evaluation.

In serving students who are ELs, the school complies with all state and federal rules and regulations, while practicing inclusion to the fullest extent possible. Students entering the school will be checked for non-native English speaker status, through both a language survey of parents as well as teacher observation. Students identified as non-native speakers will be evaluated by formal and informal assessments, and students identified as EL will be provided education support. Teachers with EL students in their class will use alternate teaching strategies to service ELs within the classroom integrated into various subjects. Support services may include supplementary English as a second language instruction in addition to instruction normally occurring during a literacy and language arts block. Since the school will use an inclusion model, an immersion program in all other subject areas will help EL students quickly gain familiarity with English. Student progress will be assessed utilizing formal and informal measures. Student achievement will be monitored to facilitate program modifications, as needed, and students will exit the program when assessments indicate readiness for regular instruction. EL students and targeted skills are noted in the teacher's lesson plans.

In accordance with the law, the school will not exclude EL students from curricular and extracurricular activities in school because of their inability to speak and understand the language of instruction. The school will not assign national origin minority students to classes for the disabled because of their lack of English skills. EL students shall be provided instructional programs, which foster their success in math, Social studies and language arts. Non/Limited English Proficient Pupils will not be retained solely on the basis of lack of English proficiency and will not be placed in language-dependent courses until the pupil develops a degree of proficiency in the English language that will allow them to access the information presented and the materials used.

The primary goal of appropriate programming is to effectively develop each student's English language proficiency and academic potential. Programs should enhance self-esteem, promote cross-cultural awareness, and provide equal educational opportunities. Appropriate programming decisions will be based on on-going programmatic assessments.

Intervention Strategies

Designated ELD

- Dedicated instructional time focused on developing English proficiency.
- Taught by a trained teacher using state ELD standards aligned with students' English proficiency levels.
- Emphasizes language skills such as vocabulary, syntax, grammar, and discourse through structured lessons.
- Typically happens in small groups or a separate ELD class to allow targeted language development.
- Lessons focus on listening, speaking, reading, and writing in English.

Integrated ELD

- Embedded within core subjects (such as English, Math, Science, and Social Studies).
- EL students receive language support while learning grade-level content.
- Teachers use scaffolding strategies like sentence frames, graphic organizers, and structured peer discussions to aid comprehension.
- Encourages collaborative conversations and academic language use in subject-area learning.
- All teachers—not just ELD specialists—are responsible for supporting language development.

Additional Support for EL Students at WLA

English Language Proficiency Assessment

All students who indicate that their home language is other than English will be tested with the English Language Proficiency Assessments for California ("ELPAC"). The ELPAC has four proficiency levels (Level 4: well developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the 2012 California ELD Standards.

The ELPAC consists of two separate assessments:

- **Initial Assessment ("IA")**
The ELPAC IA is used to identify students as either an English Learner, or as fluent in English. The IA is administered only once during a student's time in the California public school system based upon the results of the home language survey. The locally scored IA will be the official score. The IA is given to students in grades K–12 whose primary language is not English to determine their English proficiency status.
- **Summative Assessment ("SA")**
ELs will take the SA every year until they are reclassified as fluent English proficient. The ELPAC SA is only given to students who have previously been identified as an EL based upon the IA results, in order to measure how well they are progressing with English development in each of the four domains. The results are used as one of four criteria to

determine if the student is ready to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability.

Both the ELPAC SA and IA are assessments administered in seven grade spans—K, 1, 2, 3–5, 6–8, 9–10, and 11–12. In kindergarten and grade 1, all domains are administered individually. In grades 2–12, the test is administered in groups, exclusive of speaking, which is administered individually. The ELPAC IA and SA will be administered via a computer-based platform, while the ELPAC Writing Domain for Kindergarten through 2nd grade will continue to be administered as a paper-pencil test.

Testing times will vary depending upon the grade level, domain, and individual student. Both the ELPAC IA and SA are given in two separate testing windows through the school year.

The IA testing window will be year-round (July 1–June 30). Any student whose primary language is other than English as determined by the home language survey and who has not previously been identified as an English Learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English language proficiency within 30 calendar days after the date of first enrollment in a California public school, or within 60 calendar days before the date of first enrollment, but not before July 1 of that school year.

The SA testing window will be a four-month window after January 1 (February 1–May 31). The English language proficiency of all currently enrolled English Learners shall be assessed by administering the test during the annual assessment window.

The Charter School will notify all parents of its responsibility for ELPAC testing and of ELPAC results within thirty days of receiving results from publisher. The ELPAC shall be used to fulfill the requirements under the ESSA for annual English proficiency testing.

Reclassification Procedures:

Reclassification procedures utilize multiple criteria in determining whether to classify a student as proficient in English including, but not limited to, all of the following:

- Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.
- Participation of the student's classroom teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the student to evaluate the student's curriculum mastery.
- Parental/Guardian opinion and consultation, achieved through notice to parents/guardians of the language reclassification and placement including a description of the reclassification process and the parents'/guardians' opportunity to participate, and encouragement of the participation of parents/guardians in the WLA's reclassification procedure, including seeking their opinion and consultation during the reclassification process.
- Comparison of the student's performance in basic skills to an empirically established range of performance and basic skills based upon the performance of English proficient students of the same age that demonstrate to others that the student is sufficiently

proficient in English to participate effectively in a curriculum designed for students of the same age whose native language is English.

- The Student Oral Language Observation Matrix will be used by teachers to measure progress regarding comprehension, fluency, vocabulary, pronunciation, and grammar usage.
- Teachers are trained to use Specially Designed Academic Instruction in English (“SDAIE”) techniques which will be the primary strategy to meet the needs of ELs. The instructional design model to be used by WLA places a strong emphasis on differentiating instruction to meet the needs of ELs based on their academic and language readiness. Through the well-defined professional development plan that accompanies this instructional design model, teachers are trained on a variety of other instructional strategies to be used specifically with ELs.

Plan for Special Education Including Children with Disabilities

The Charter School shall comply with all applicable state and federal laws in serving students with disabilities, including, but not limited to, Section 504, the ADA and the IDEA.

The Charter School shall be categorized as a public school of the District in accordance with Education Code Section 47641(b).

The Charter School shall comply with all state and federal laws related to the provision of special education instruction and related services and all SELPA policies and procedures; and shall utilize appropriate SELPA forms.

The Charter School shall be solely responsible for its compliance with Section 504 and the ADA. The facilities to be utilized by the Charter School shall be accessible for all students with disabilities.

Section 504 of the Rehabilitation Act

The Charter School recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Charter School. A student who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment, is eligible for protections under Section 504.

A 504 team is assembled and shall include the parent/guardian, the student (where appropriate) and other qualified persons knowledgeable about the student, the meaning of the evaluation data, placement options, and accommodations. The 504 team will review the student’s existing records; including academic, social and behavioral records, and is responsible for making a determination as to whether an evaluation for 504 services is appropriate. If the student has already been evaluated under the IDEA but found ineligible for special education instruction or related services under the IDEA, those evaluations may be used to help determine eligibility under Section 504. The student evaluation shall be carried out by the 504 team, which will evaluate the nature of the student’s disability and the impact upon the student’s education. This evaluation will include consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The 504 team may also consider the following information in its evaluation:

- Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.

- Tests and other evaluation materials including those tailored to assess specific areas of educational need, and not merely those which are designed to provide a single general intelligence quotient.
- Tests are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level, or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills.

The final determination of whether the student will or will not be identified as a person with a disability is made by the 504 team in writing and notice is given in writing to the parent or guardian of the student in their primary language along with the procedural safeguards available to them. If during the evaluation, the 504 team obtains information indicating possible eligibility of the student for special education per the IDEA, a referral for assessment under the IDEA will be made by the 504 team.

If the student is found by the 504 team to have a disability under Section 504, the 504 team shall be responsible for determining what, if any, accommodations or services are needed to ensure that the student receives a free and appropriate public education ("FAPE"). In developing the 504 Plan, the 504 team shall consider all relevant information utilized during the evaluation of the student, drawing upon a variety of sources, including, but not limited to, assessments conducted by the Charter School's professional staff.

The 504 Plan shall describe the Section 504 disability and any program accommodations, modifications or services that may be necessary. All 504 team participants, parents, guardians, teachers and any other participants in the student's education, including substitutes and tutors, must have a copy of each student's 504 Plan. The site administrator will ensure that teachers include 504 Plans with lesson plans for short-term substitutes and that they review the 504 Plan with a long-term substitute. A copy of the 504 Plan shall be maintained in the student's file. Student's individual 504 Plans will be reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the plan, and continued eligibility.

Services for Students under the "IDEA"

The Charter School intends to provide special education instruction and related services in accordance with the IDEA, Education Code requirements, and applicable policies and practices of the Special Education Local Plan Area ("SELPA"). The Charter School shall remain, by default, a public school of the District for purposes of Special Education purposes pursuant to Education Code Section 47641(b). However, the Charter School reserves the right to make written verifiable assurances that the Charter School shall become an independent LEA and join a SELPA pursuant to Education Code Section 47641(a) either on its own or with a grouping of charter school LEAs as a consortium.

As a public school of the District, solely for purposes of providing special education and related services under the IDEA pursuant to Education Code Section 47641(b), in accordance with Education Code Section 47646 and 20 U.S.C. 1413, the Charter School seeks services from the District for special

education students enrolled in the Charter School in the same manner as is provided to students in other District schools. The Charter School follows the District and SELPA policies and procedures, and shall utilize SELPA forms in seeking out and identifying and serving students who may qualify for special education programs and services and for responding to record requests and parent complaints, and maintaining the confidentiality of pupil records. The Charter School complies with District protocol as to the delineation of duties between the District central office and the local school site in providing special education instruction and related services to identified pupils. An annual meeting between the Charter School and the District to review special education policies, procedures, protocols, and forms of the District and the SELPA and District protocol, will ensure that the Charter School and the District have an ongoing mutual understanding of District protocol and will facilitate ongoing compliance.

As long as the Charter School functions as a public school of the District solely for purposes of providing special education and related services under the IDEA pursuant to Education Code Section 47641(b), then we would anticipate that a Memorandum of Understanding (“MOU”) would be developed between the District and the Charter School which spells out in detail the responsibilities for provision of special education services and the manner in which special education funding will flow to the students of the school. The District shall be designated the Local Educational Agency (“LEA”) serving Charter School students. Accordingly, the Charter School shall be deemed a public school of the District pursuant to Education Code Section 47641(b) and 47646(a). The Charter School agrees to adhere to the requirements of the Local Plan for Special Education and to District policies. As a public school of the District, solely for purposes of providing special education and related services under the IDEA pursuant to Education Code Section 47641(b), in accordance with Education Code Section 47646 and 20 U.S.C. 1413, the Charter School seeks services from the District for special education students enrolled in the Charter School in the same manner as is provided to students in other District schools.

The Charter School acknowledges the importance of cooperating with the District so that the District can provide special education services to Charter School students. The Charter School agrees to promptly respond to all District inquiries, to comply with reasonable District directives, and to allow the District access to Charter School students, staff, facilities, equipment and records as required to fulfill all District obligations under this Agreement or imposed by law. The Charter School believes that the allocation of responsibility for the provision of services (including but not limited to referral, identification, assessment, case management, Individualized Education Program (“IEP”) development, modification and implementation) shall be divided in a manner consistent with their allocation between the District and its school sites.

Staffing

All special education services at the Charter School are delivered by individuals or agencies qualified to provide special education services as required by California’s Education Code and the IDEA. Charter School staff shall participate in all mandatory District in-service training relating to special education.

It is the Charter School’s understanding that the District will be responsible for the hiring, training, and employment of site staff necessary to provide special education services to its students, including, without limitation, special education teachers, paraprofessionals, and resource specialists unless the District directs the Charter School that current District practice is for the individual school sites to hire site special education staff or the District and the Charter School agree that the Charter School must hire on-site special education staff. In that instance, the Charter School shall ensure that all special education

staff hired by the Charter School is qualified pursuant to District and SEPLA policies, as well as meet all legal requirements. The District may review the qualifications of all special education staff hired by the Charter School (with the agreement of the District) and may require pre-approval by the District of all hires to ensure consistency with District and SELPA policies. The District shall be responsible for the hiring, training, and employment of itinerant staff necessary to provide special education services to Charter School students, including, without limitation, speech therapists, occupational therapists, behavioral therapists, and psychologists.

Notification and Coordination

The Charter School shall follow District policies as they apply to all District schools for responding to implementation of special education services. The Charter School will adopt and implement District policies relating to notification of the District for all special education issues and referrals. The Charter School shall follow District policies as they apply to all District schools for notifying District personnel regarding the discipline of special education students to ensure District pre-approval prior to imposing a suspension or expulsion. The Charter School shall assist in the coordination of any communications and immediately act according to District administrative policies relating to disciplining special education students.

Identification and Referral

The Charter School shall have the responsibility to identify, refer, and work cooperatively in locating Charter School students who have or may have exceptional needs that qualify them to receive special education services. The Charter School implements District and SELPA policies and procedures to ensure timely identification and referral of students who have, or may have, such exceptional needs. A pupil shall be referred for special education only after the resources of the general education program have been considered, and where appropriate, utilized.

It is the Charter School's understanding that the District shall provide the Charter School with any assistance that it generally provides its schools in the identification and referral processes, and will ensure that the Charter School is provided with notification and relevant files of all students who have an existing IEP and who are transferring to the Charter School from a District school. The District shall have unfettered access to all Charter School student records and information in order to serve all of Charter School's students' special needs. The Charter School follows District child-find procedures to identify all students who may require assessment to consider special education eligibility and special education and related services in the case that general education interventions do not provide a free appropriate public education to the student in question.

The current Executive Director has coordinated a SST. This team will review referrals from the faculty. A member of the team will then meet with the special education designee from the District before the evaluation process begins. The SST will also conduct ongoing professional development for faculty and staff regarding students with special needs.

Assessments

The term "assessments" shall have the same meaning as the term "evaluation" in the IDEA, as provided in Section 1414, Title 20 of the United States Code. The District will determine what assessments, if

any, are necessary and arrange for such assessments for referred or eligible students in accordance with the District's general practice and procedure and applicable law. The Charter School shall work in collaboration with the District to obtain parent/guardian consent to assess Charter School students. The Charter School shall not conduct special education assessments unless directed by the District.

IEP Meetings

It is the Charter School's understanding that the District shall arrange and notice the necessary IEP meetings. IEP team membership shall be in compliance with state and federal law. The Charter School shall be responsible for having the following individuals in attendance at the IEP meetings or as otherwise agreed upon by the District and Charter School: the Executive Director and/or the Charter School designated representative with appropriate administrative authority as required by the IDEA; the student's special education teacher; the student's general education teacher if the student is or may be in a general education classroom; the student, if appropriate; and other Charter School representatives who are knowledgeable about the general education program at the Charter School and/or about the student. It is the Charter School's understanding that the District shall arrange for the attendance or participation of all other necessary staff that may include, but are not limited to, an appropriate administrator to comply with the requirements of the IDEA, a speech therapist, psychologist, resource specialist, and behavior specialist; and shall document the IEP meeting and provide of notice of parental rights.

IEP Development

The Charter School understands that the decisions regarding eligibility, goals/objectives, program, services, placement, and exit from special education shall be the decision of the IEP team, pursuant to the District's IEP process. Programs, services and placements shall be provided to all eligible Charter School students in accordance with the policies, procedures and requirements of the District and of the SELPA and State and Federal law. The Charter School shall promptly notify the District of all requests it receives for assessment, services, IEP meetings, reimbursement, compensatory education, mediation, and/or due process whether these requests are verbal or in writing.

IEP Implementation

Pursuant to District policy and how the District operates special education at all other public schools in the District; the District shall be responsible for all school site implementation of the IEP. The Charter School shall assist the District in implementing IEPs, pursuant to District and SELPA policies in the same manner as any other school of the District. The District and Charter School will need to be jointly involved in all aspects of the special education program, with the District holding ultimate authority over implementation and supervision of services. As part of this responsibility, the Charter School shall provide the District and the parents with timely reports on the student's progress as provided in the student's IEP, and at least quarterly or as frequently as progress reports are provided for the Charter School's non-special education students, whichever is more. The Charter School shall also provide all home-school coordination and information exchange unless directed otherwise by the District. The Charter School shall also be responsible for providing all curriculum, classroom materials, classroom modifications, and assistive technology unless directed otherwise by the District. The Charter School shall comply with any directive of the District as relates to the coordination of the Charter School and District for IEP implementation including but not limited to adequate notification of student progress and immediate notification of any considered discipline of special education students in such matters,

the petitioners would notify the District of relevant circumstances and communications immediately and act according to District administrative authority.

Non-discrimination

It is understood and agreed that all children will have access to the Charter School and no student shall be denied admission nor counseled out of the Charter School due to the nature, extent, or severity of their disability or due to the student's request for, or actual need for, special education services.

Interim and Initial Placements of New Charter School Students

The Charter School shall comply with Education Code Section 56325 with regard to students transferring into the Charter School within the academic school year. In accordance with Education Code Section 56325(a)(1), for students who enroll in the Charter School from another school district within the State, but outside of the SELPA with a current IEP within the same academic year, the District and the Charter School shall provide the pupil with a free appropriate public education, including services comparable to those described in the previously approved IEP, in consultation with the parent, for a period not to exceed thirty (30) days, by which time the District and Charter School shall adopt the previously approved IEP or shall develop, adopt, and implement a new IEP that is consistent with federal and state law. In accordance with Education Code Section 56325(a)(2), in the case of an individual with exceptional needs who has an IEP and transfers into the Charter School from a district operated program under the same special education local plan area of the District within the same academic year, the District and the Charter School shall continue, without delay, to provide services comparable to those described in the existing approved IEP, unless the parent and the District agree to develop, adopt, and implement a new IEP that is consistent with federal and state law. For students transferring to the Charter School with an IEP from outside of California during the same academic year, the District and the Charter School shall provide the pupil with a free appropriate public education, including services comparable to those described in the previously approved IEP in consultation with the parents, until the District conducts an assessment pursuant to paragraph (1) of subsection (a) of Section 1414 of Title 20 of the United States Code, if determined to be necessary by the District, and develops a new IEP, if appropriate that is consistent with federal and state law.

Non-Public Placements/Non-Public Agencies

The District shall be solely responsible for selecting, contracting with, and overseeing all non-public schools and non-public agencies used to serve special education students. The Charter School shall not hire, request services from, or pay any non-public school or agency to provide education or services to special education students without the prior written approval of the District. The Charter School shall immediately notify the District of all parental requests for services from non-public schools or agencies, unilateral placements, and/or requests for reimbursement.

Parent/Guardian Concerns and Complaints

The Charter School shall follow District policies as they apply to all District schools for responding to parental concerns or complaints related to special education services. The Charter School shall instruct parents/guardians to raise concerns regarding special education services, related services and rights to the District unless otherwise directed by the District. The Charter School shall immediately notify the District of any concerns raised by parents. In addition, the Charter School and the District shall

immediately bring to the other's attention any concern or complaint by a parent/guardian that is in writing and/or which involves a potential violation of state or federal law.

The District's designated representative, in consultation with the Charter School's designated representative, shall investigate as necessary, respond to, and address the parent/guardian concern or complaint. The Charter School shall allow the District access to all facilities, equipment, students, personnel, and records to conduct such an investigation.

The Charter School and the District shall timely notify the other of any meetings scheduled with parents/guardians or their representatives to address the parent/guardian concerns or complaints so that a representative of each entity may attend. The District, as the LEA, shall be ultimately responsible for determining how to respond to parent concerns or complaints, and the Charter School shall comply with the District's decision.

The Charter School and the District shall cooperate in responding to any complaint to or investigation by the California Department of Education, the United States Department of Education, or any other agency, and shall provide timely notice to the other upon receipt of such a complaint or request for investigation.

Due Process Hearings

The District may initiate a due process hearing or request for mediation with respect to a student enrolled in Charter School if the District determines such action is legally necessary or advisable. The Charter School agrees to cooperate fully with the District in such a proceeding. In the event that the parents/guardians file for a due process hearing, or request mediation, the District and the Charter School shall work together to defend the case. In the event that the District determines that legal representation is needed, the Charter School agrees that it shall be jointly represented by legal counsel of the District's choosing.

The Charter School understands that the District shall have sole discretion to settle any matter in mediation or due process. The District shall also have sole discretion to file an appeal from a due process hearing or take other legal action involving any Charter School student necessary to protect its rights.

SELPA Representation

It is the Charter School's understanding that the District shall represent the Charter School at all SELPA meetings and report to the Charter School of SELPA activities in the same manner as is reported to all schools within the District.

Funding

The Charter School understands that it will enter into a MOU with the District regarding Special Education funding, and cannot at this time unilaterally dictate the funding relationship between the District and the Charter School. The Charter School anticipates, based upon State and Federal law that the fiscal relationship could be summarized as follows:

Retention of Special Education Funds by the District

The District shall retain all state and federal special education funding allocated for Charter School students through the SELPA Annual Budget Plan, and shall be entitled to count Charter School students as its own for all such purposes.

Retention of ADA Funds by the District for Non-Public Placements

The Parties acknowledge that the District may be required to pay for or provide Charter School students with placements at locations other than at the Charter School's school site in order to provide them with a free appropriate public education. Such placements could include, without limitation, programs or services in other District schools, in other public school districts within the SELPA, in a County Office of Education program, in a non-public school, at home, at a hospital, or in a residential program. When such programs or services are provided at District expense, the District shall be entitled to receive from the Charter School the pro rata share of all funding received for such student, including, without limitation, all ADA funds, based on the number of instructional days or minutes per day that the student is not at the Charter School site.

Contribution to Encroachment

The Charter School shall contribute its fair share to offset special education's encroachment upon the District's general fund. Accordingly, the Charter School shall pay to the District a pro-rata share of the District's unfunded special education costs ("encroachment"). At the end of each fiscal year, the District shall invoice the Charter School for the Charter School's pro-rata share of the District-wide encroachment for that year as calculated by the total unfunded special education costs of the District (including those costs attributable to Charter School) divided by the total number of District ADA (including Charter School students), and multiplied by the total number of Charter School ADA. The Charter School ADA shall include all Charter School students, regardless of home district.

Professional Development

Learning, at Woodward Leadership Academy, is a lifelong process that not only impacts the students, but this concept is also applicable to the teaching staff. To that effect, the staff returns to school two weeks before the students so that the groundwork can be laid for the new school year. In addition, Mondays have been designated as minimum days. This time allows the staff to participate in continuous professional development opportunities that will increasingly enhance their skills and abilities when working with the students.

WLA has identified the following topics for professional development for the next two years:

- Positive Behavior Intervention Strategies
- S.T.E.A.M. and Project-based learning
- i-Ready RTI assessment and lesson planning system
- Customer service training
- Continued CCCS curriculum
- Differentiated instruction
- NWEA Map Growth
- Additional topics as required by law

Backward Mapping

According to Linder, Cooper, McKenzie, Raesch, and Reeve (2014), the overarching goal of implementing the backward design model in the K-12 classroom is to encourage teachers to consider their overarching purpose as educators. This process allows teachers to outline their curriculum delivery goals for student understanding and to create measurable objectives from the outset.

The method, known as “Backward Mapping,” is an instructional framework with a strong research base currently being employed in reform efforts across the Nation. Originally published in “Understanding by Design,” by Grant Wiggins and Jay McTighe (1998), this process of instructional planning continues to provide teachers with a method for aligning standards, assessment, and instruction.

This process is one in which teachers start with the desired results (goals or standards). Then they derive the curriculum from the evidence of learning (performances) called for by the standard and the teaching needed to equip students to perform. There are three (3) distinct stages of this process that WLA uses. The three stages are as follows:

Stage 1: Unpacking and Prioritizing State Standards

Teachers and administrators apply specific tools necessary to “unpack” and prioritize State Standards. This is a necessary prerequisite step to designing assessments effectively that are aligned to concepts and skills required by standards. Specifically, teachers will:

- understand the three (3) steps of the backward design process (identifying desired results, designing and aligning assessments to those results, differentiating instruction to meet the needs of all learners).
- apply a concrete process for analyzing standards which helps teachers internalize the standards as well as determine the following:
 - level of thinking (based on Bloom’s Taxonomy) required by students to reach mastery of the standard (This will be tied to creating assessments.)
 - percentage of questions from standardized tests including the CAASPP that align with each strand of the standards (This will be tied to creating assessments.)
 - identification of standards that will serve as “anchors” upon which units can be based. Other standards are tied to these “anchors” standards within each unit designed by teachers (This will be tied to creating assessments for units as well as individual lessons within the unit.)

Although many have researched instructional strategies, Marzano et. al. (2001) and Lozette (2014) are widely regarded as the most methodologically sound and align most with the Woodward Leadership Academy academic vision. WLA engages all stakeholders in a cycle of inquiry around student learning and achievement. A cycle of inquiry requires the school community to examine a question related to a gap in student learning. This question has been brought to the forefront through the analysis of multiple forms of data. The school community then examines research and best practices in order to set goals and enact a formal action plan to close the learning gap. Throughout each cycle, it may become necessary to

implement alternative, research-based instructional strategies that are not listed above in order to increase student achievement. With that in mind, the list above can be viewed as dynamic and ever-changing in order to best meet the needs of the students.

Stage 2: Aligning Assessments (formative and summative) to State Standards

Teachers design effective assessments that are aligned to common core standards and provide an accurate measure of a student's ability to engage in the level of thinking that is required by each standard. Specifically, teachers will:

- identify four (4) overarching assessment methods (selected response, constructed response, performance assessment, and personal communication) from which to choose when designing standards-based assessments (both formative and summative).
- analyze content standards to determine the “achievement target” embedded within each standard (Achievement targets are the link between standards and assessment).
- match an appropriate assessment method to each standard.
- establish and articulate clear criteria for reaching proficient performance on standards.

Stage 3: Differentiating Instruction to Meet the Needs of All Learners

Teachers will design innovative instructional strategies by:

- Differentiating the content, process, and products delivered to students in order to provide equal access to standards-based education for all learners (including English Learners and students with special needs.)
- Writing effective standards-based lesson plans.
- Exploring how all learners (including English Learners and special needs students) vary in their readiness, interests and learning profiles.)
- Using a repertoire of research-based instructional strategies proven to increase student achievement in a standards-based system (e.g. latest research from Marzano, Pickering, Pollock, Schmoker, and Tomlinson.)
- All coursework involves a rich repertoire of instructional strategies, curriculum, and materials. Many of the sample instructional strategies listed below incorporate one or more of the nine (9) research-based strategies proven to have a positive effect on student learning as described in Classroom Instruction that Works (Marzano, Pickering, Pollock, 2001). Sample instructional strategies include:
 - small projects and other ways of experiencing real-world problems
 - collaborative investigations and demonstrations
 - mini-lessons that address specific skills within the context of larger projects
 - giving guidance and adequate time to self-reflect and self-assess
 - democratic classrooms and school structure
 - authentic assessments
 - direct instruction
 - research-based projects
 - cooperative group work and projects
 - interdisciplinary approaches to curriculum

- presentation of clearly defined “Learning Targets” for all students by all teachers
- rubric self-assessment for class reports and projects
- the involvement of parents/guardians and utilization of community resources as educational partners in instructional presentation
- peer study groups
- creating learning experiences that promote understanding, interest, and excellence
- innovating and enhancing current standards-based adopted programs

As a result of implementing and using this process, educational objectives become the criteria by which materials are selected, content is outlined, instructional procedures are developed, and tests and examinations are prepared. Teachers use the process on a continual basis to evaluate the effectiveness of materials and instructional strategies used in their classrooms. Thus, the process serves as the vehicle for ongoing conversations among and between grade levels at WLA. Specifically, all teachers are charged with the responsibility of meeting weekly, as a staff, to engage in lesson study and the examination of student work in order to examine lessons critically to determine their effectiveness.

Student success is the goal at Woodward Leadership Academy. Through communication with students and parents/guardians, the expectations of students with regard to the academic curriculum will be made clear throughout the school year. The curriculum at WLA was adopted with the premise that students would be successful learners not only in elementary school, but throughout their educational career. It is our desire that the resources and delivery of these resources will result in students who are prepared academically and socially, and that our students have a positive attitude and are motivated and curious about learning.

Technology

Woodward Leadership Academy has purchased Google Chromebooks for each of the students. Having access to this technology allows the students to gain access to their digital curriculum. The Chromebooks also allow students to use Google Docs. The school does not have site licenses for programs used by students. However, we have subscriptions with McGraw Hill for our digital curriculum. This is our core curriculum for mathematics and English Language Arts. Those curriculums are Journeys and My Math. Additionally, as our school has a 1:1 ratio of Google Chrome Books, our students use Google Docs to complete classroom and homework assignments. Fifth and sixth grade students are also using Google classroom to complete assignments and communicate with their teacher. In their article, when discussing the positive correlation to technology use in schools and academic growth, McKnight, K., O'Malley, K., Ruzic, R., Horsley, M. K., Franey, J. J., & Bassett, K. (2016) stated, “educators were using technology in ways that Jim Collins, in the book “Good to Great,” refers to as an accelerator of growth: not as a means to an end, nor the catalyst, but rather as an enabler of the desired outcome.” WLA students from grades TK-6 use technology not only for achieving academic growth. As the California State adopted the computerized Smarter Balance testing system for measuring student academic achievement, our students in TK-2 are able to familiarize themselves with completing lessons and assessments on their Chrome books. Furthermore, as computers are used for completing classroom assignments and homework at the middle, high school and college levels, introducing technology at the elementary level gives our students the confidence and familiarity with technology they will need to succeed in their educational career. Lastly, computers are used in the workplace across occupations. As WLA students are being exposed to various occupations in the school’s curriculum, the use of computers

also assists them in being prepared for the workplace. Our school website will serve as the main source hub for our parents in addition to receiving text messages of upcoming school events via the Classroom Messenger app.

Innovative Instructional Schedule

Woodward Leadership Academy teachers have full knowledge that students have various learning styles and rates at which they learn. Our school has added an additional layer of meeting the learning needs of all of our students by hiring a Literacy Specialist. Monday through Fridays the Literacy Specialist works closely with those students needing academic support. Students are grouped by sub-skill level versus grade level as provided in the data. Students are given standards-based lessons on that sub-skill along with assessments. These blocks of intense differentiation of instruction assist in closing achievement gaps in mathematics and reading, thus leading to increased academic achievement. Educational researcher Larry Lezotte refers to this type of instructional strategy group setting as achievement centered groups.

Goals and Actions in the State Priorities

In accordance with Education Code Section 47605(c)(5)(A)(ii), a reasonably comprehensive description of WLA's goals and actions, schoolwide and for all numerically significant student subgroups, in the State Priorities, is included in the Charter School's LCAP, which is submitted to the District annually, and attached to the charter as Appendix [].

ELEMENT 2: MEASURABLE STUDENT OUTCOMES

Governing Law: The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school. Education Code Section 47605(c)(5)(B).

Student Outcomes Aligned With the State Priorities

In accordance with Education Code Section 47605(c)(5)(B), a reasonably comprehensive description of WLA's student outcomes, schoolwide and for all numerically significant student subgroups, aligned with the State Priorities, is included in the Charter School's LCAP, which is submitted to the District annually, and attached to the charter as Appendix [].

Data on Measurable Outcomes

During the last school year, Woodward Leadership Academy set goals for the school employing our LCAP as our standard of measurement. In the areas where we met our goals, we are exuberant about

our progress. In those areas where we fell short, we are self-reflecting and making adjustments as we continue to press forward with our efforts to meet our goals as the focus of the goals are to achieve student success.

1. **Student improvement in English Language Arts and Mathematics** – This represents our first two goals. Teachers would use formative and summative assessments including ELPAC, CAASPP and local reading and mathematics assessments to improve English Language Arts and numeracy literacy and fluency. Baseline assessments are administered during the first 10 days of school and at intervals during the school year. After reviewing ELPAC test data and local reading assessments, WLA teachers noticed the improvements were not as significant as desired. In order to rectify this and move forward toward reaching this goal, the i-Ready assessment system was implemented. WLA employed a Literacy Specialist. Intervention support is provided by the literacy specialist. This support is provided daily using both push-in and pull-out strategies.
2. Lastly, our Journey’s ELA and My Math curriculum contains lessons at those sub-skill levels. These lessons are being given during our re-teaching time, and as homework assignments.
3. **Students will be educated in a learning environment that is safe, drug free and conducive to learning** – We are proud to say that our students are in a safe and drug free environment with caring and compassionate teachers and staff members. This goal also included improving parent involvement and positive behavior strategies. As outlined in our enrollment plan; we have implemented student awards along with strategies to increase parent involvement. The entire WLA staff has been trained to implement Positive Behavior Intervention Strategies (“PBIS”) throughout the school. Adding these measures will continue to decrease absenteeism, discipline referrals, and suspensions. These measures also reflect the work needed to meet our goal of decreasing disruption of the daily educational program and increasing student participation.
4. **Students will move through progressive discipline steps** – The WLA teachers and administration have worked to create a student referral process. The staff and faculty will also receive classroom management behavior intervention strategies professional development. WLA created a school wide discipline matrix along with a behavior contract plan to add to the classroom based strategies including school wide positive behavior incentives and citizenship awards. Students who have chronic discipline issues are contacted for mandatory parent conferences.

Data on Internal Schoolwide Goals

1. **Maintain an average daily attendance of 92% and increase annually at a rate of two percent.** This is a goal that we have strived to maintain. Unfortunately, our data reflects this goal has not always been met. In order to help meet this goal, we have implemented several measures. First, are having schoolwide perfect attendance incentives for students. These include pizza and ice cream parties. Additionally, we are having monthly school wide award ceremonies. We are including parents in this process by holding monthly meetings with the Executive Director, newsletters to discuss happenings at the Charter School and calling parents when students are absent. In an effort to increase enrollment, we will distribute flyers to local area preschools. Additionally, we are advertising the Charter School in the local community.
2. **50% or more Parent/Guardian participation as volunteers.** Our parent volunteer program is in its beginning stages. We have instituted monthly morning and evening meetings with the

Executive Director. Additionally, our current parent volunteers are calling other parents to make them aware of events at the Charter School as well as encouraging them to get involved with the Charter School.

3. **100 percent of teachers shall hold the Commission on Teacher Credentialing certificate, permit, or other document required for the teacher's certificated assignment.** Woodward has moved toward this goal. We are currently staffed at 100% qualified teachers. We will be recruiting teachers who are fully credentialed for future school years.
4. **Special Education students will meet the annual goals established in their IEPs.** We are proud to collaborate with SBCUSD's Special Education department for special education services. Our school now has a Student Success Team. Our teachers are reviewing IEP goals and differentiating instruction accordingly.

Woodward Leadership Academy is moving forward and ready for takeoff. Our teaching staff is working together and reviewing data to ensure that students are getting the highest quality education possible. Our classified staff is providing support to students and parents to ensure that needs are met. We are developing positive relationships with students and they are developing positive relationships with their peers based upon the six pillars of character: TRUSTWORTHINESS, RESPECT, RESPONSIBILITY, FAIRNESS, CARING, CITIZENSHIP. Our staff, teachers, administration, and Board are dedicated to making Woodward Leadership Academy a school where best practices are just a normal part of our school life.

Charter School Intent

Education Code Section 47601 states the following:

"It is the intent of the Legislature, in enacting this part, to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently from the existing school district structure, as a method to accomplish all of the following:

- (a) Improve pupil learning.
- (b) Increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low achieving.
- (c) Encourage the use of different and innovative teaching methods.
- (d) Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.
- (e) Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.
- (f) Hold the schools established under this part accountable for meeting measurable pupil outcomes, and provide the schools with a method to change from rule-based to performance-based accountability systems.
- (g) Provide vigorous competition within the public school system to stimulate continual improvements in all public schools."

ELEMENT 3:**METHODS OF ASSESSMENT**

Governing Law: The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card. Education Code Section 47605(c)(5)(C).

WLA curriculum and assessment systems are grounded by the State Standards. WLA will continue to work cooperatively with the District to monitor progress in meeting student outcomes. The Charter School affirms that the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card.

Throughout the year, teachers use a variety of assessment data, including short-term and long-term projects, portfolios, chapter tests, homework, etc., to continually monitor student progress as well as to adapt curriculum and develop effective instructional strategies. In addition to the required State-adopted text assessments, benchmark assessments are given every semester in the areas of English/Language Arts and Mathematics. These assessment systems are also used to assess students in English Language Arts and Mathematics and the results determine flexible groupings for remediation and extension activities. Teachers regularly use various assessments to evaluate, adjust and plan future instruction. WLA teachers hold conferences with students and parents/guardians to discuss student mastery of the content areas.

WLA uses a variety of student groupings within each classroom and each school day. A wide variety of instructional strategies are employed to meet the differing needs of students at each grade level. These include, but are not limited, to: 1) cooperative learning, 2) flexible grouping, 3) partner reading, 4) choral reading, 5) listening center, 6) journal writing, 7) written and oral reports, 8) plays, and 9) role-playing.

Higher-order and critical thinking skills are assessed on a daily basis through the use of open-ended questions that have more than one correct solution, problem-solving in cooperative groups, hands-on activities, writing using the "writing process," solving analogies and predicting student outcomes.

At WLA the mathematics program strives to produce masters of math. Therefore, a variety of instructional strategies and strict adherence to the McGraw Hill My Math program are used to ensure that all students have multiple opportunities to learn the mathematical concepts and skills. The Mathematics program is designed to encourage not only the mastery of specific skills, but also to encourage the use of higher-order and critical thinking skills on a daily basis.

Math is also integrated in other subject curriculum, including social studies, science, and reading.

Teachers plan at the different grade levels to best meet student needs. Some teachers will departmentalize subjects, i.e., math, to meet all students' needs. To meet the needs of all students, instructional strategies which employ visual, auditory, and kinesthetic modalities are employed with the teaching of all subject

areas. Higher-order and critical thinking skills are developed through questioning, research, and process writing. A new 21st century computer lab supports the cross-curricular standards in grades Kindergarten through six.

Use and Reporting of Data

At the beginning of the school year, achievement tests and CAASPP scores from the previous year will be analyzed. Teachers are given a list of students who scored at the Standard Not Met and Standard Nearly Met levels in specific subjects. Also on the list are students who did not reach the benchmark on the last periodic subject assessments from the previous year. Scores from the achievement tests, CAASPP and periodic assessments are used to determine differentiation from at promise to high achieving students. Low-performing students will be monitored and supported from year to year.

At WLA, teachers serve as testing coordinators to ensure that state student assessments including achievement tests, CAASPP, and ELPAC are administered. Teachers at WLA will also be involved in ongoing professional development directly addressing assessment.

WLA conducts student assessments pursuant to Education Code Section 47605(d).

Woodward Leadership Academy staff continues to use informal and formal assessments to monitor student progress in mastering grade level standards in all subject areas. This progress is shared with parents through periodic progress reports, parent-teacher conferences, report cards and additional means as necessary.

ELEMENT 4: GOVERNANCE STRUCTURE

Governing Law: The governance structure of the charter school including, but not limited to, the process to be followed by the charter school to ensure parental involvement. Education Code Section 47605(c)(5)(D).

Legal Description

Woodward Leadership Academy is an independent, site-based, public charter school within San Bernardino County operating as WLA, a California nonprofit public benefit corporation. Per Education Code Section 47604(d), Woodward Leadership Academy is operated as a California non-profit public benefit corporation and operates within the terms and conditions specified in this petition. WLA is non-sectarian in its programs, admission policies, employment practices, and all other operations. First Time Enrollment

The application process is comprised of the following:

1. Parent meeting with the Executive Director (not mandatory).
2. Completion of an online application form²
3. Proof of minimum age requirement³

Application forms will be accepted during early spring, in a publicly advertised open enrollment period, for enrollment the following school year. An application form will need to be filled out for every potential student stating siblings that are enrolled or are looking to be enrolled at WLA, in order to receive the benefit of the sibling admission preference.

² In accordance with Education Code Section 47605(e)(4)(B), the Charter School shall not request a pupil's records or require a parent, guardian, or pupil to submit the pupil's records to the Charter School before enrollment.

³ Pursuant to Education Code section 48000(c)(1)(G), in the 2025-26 school year, and in each school year thereafter, a child who will have their fourth birthday by September 1 shall be admitted to a transitional kindergarten program maintained by the school district or charter school.

Following the open enrollment period each year, application forms shall be counted to determine whether any grade level has received more applications than it has capacity. In the event that this happens, WLA will hold a public random drawing (“lottery”) to determine admission for the impacted grade levels, with the exception of existing students, who are guaranteed enrollment the following school year.

Our admission policies and procedures will not discriminate against protected classes and will be consistent with applicable state and federal law. Founding families’ children and WLA employee’s children will only receive preference to the extent that in so doing, no groups are discriminated against.

- Parent Compact and Registration Forms
- Proof of Immunizations
- Home Language Survey
- Completion of Emergency Medical Information Form

The Board of Directors will take all necessary efforts to ensure lottery procedures are fairly executed. Lottery spaces are pulled in order of grade level by the designated lottery official (appointed by the Executive Director). Separate lotteries shall be conducted for each grade in which there are fewer vacancies than pupils interested in attending. All lotteries shall take place on the same day in a single location. Lotteries will be conducted in ascending order beginning with the lowest applicable grade level. There is no weighted priority assigned to the preference categories; rather, within each grade level, students will be drawn from pools beginning with all applicants who qualify for the first preference category, and shall continue with that preference category until all vacancies within that grade level have been filled. If there are more students in a preference category than there are spaces available, a random drawing will be held from within that preference category until all available spaces are filled. If all students from the preference category have been selected and there are remaining spaces available in that grade level, students from the second preference category will be drawn in the lottery, and the drawing shall continue until all spaces are filled and preference categories are exhausted in the order provided above.

No student will be denied admission, disenrolled, or otherwise harmed due to their parent/guardian's failure to sign the Student-Family Contract.

At the conclusion of the public random drawing, a waiting list will be established to be used for future openings throughout the school year. The wait list shall expire at the end of the school year for which it was created.

Transportation

They work closely with WLA to ensure that the finances are fiscally sound. WLA will use a state compliant student attendance system that is compatible with the District. We currently use Aeries to match the District. If the contracted services change the District will be notified.

A three year fiscal projection and budget are attached to this petition.

Financial Reporting

Woodward Leadership Academy will receive funding pursuant to Education Code Sections 47630-47635 and all applicable education codes. WLA will provide interim financial data required by the District to fulfill its obligation to the County and State. Discipline includes, but is not limited to, advising and counseling students, conferring with parents/guardians, and use of alternative educational environments, suspension and expulsion.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a

⁴ The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Suspended students shall be excluded from all school and school-related activities, unless otherwise agreed during the period of suspension.

A student identified as an individual with disabilities or for whom WLA has a basis of knowledge of a suspected disability pursuant to the IDEA or who is qualified for services under Section 504 is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to regular education students except when federal and state law mandates additional or different procedures. WLA will follow all applicable federal and state laws when imposing any form of discipline when a student has been identified as an individual with disabilities. This also includes a student for whom WLA has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such student.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardian's right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

17. committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 6, inclusive.

 - (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

- a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

Alternatives to suspension or expulsion will be utilized with students who are truant, tardy, or otherwise absent from assigned school activities. Suspended students may not come to the campus or attend any school related events during the period of suspension.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Executive Director or the Executive Director's designee with the student and the student's parent/guardian and, whenever practical, the teacher, supervisor or school employee who referred the student to the Executive Director or designee. The conference may be omitted if the Executive Director or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present their version and evidence in their defense.

This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a student for failure of the student's parent/guardian to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent/guardian at the conference.

2. Notice to Parents/Guardians

At the time of suspension, the Executive Director or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice may also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Placement/Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension.

Upon a recommendation of Placement/Expulsion by the Executive Director or Executive Director's designee, the student and the parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Executive Director or designee upon either of the following determinations: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

A student may be expelled by the Administrative Panel appointed by the Board. The Administrative Panel should consist of at least 3 members who are certificated and neither a

teacher of the student nor a member of the Governing Board. The Administrative Panel may expel any student found to have committed an expellable offense.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Executive Director or designee determines that the student has committed an expellable offense.

The hearing shall be held in a confidential setting (complying with all student confidentiality rules under FERPA).

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. the date and place of the expulsion hearing;
2. a statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. a copy of WLA's disciplinary rules which relate to the alleged violation;
4. notification of the student's or parent's/guardian's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment;
5. an explanation of the opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. an explanation of the right to inspect and obtain copies of all documents to be used at the hearing;
7. an explanation of the opportunity to confront and question all witnesses who testify at the hearing;
8. an explanation of the opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

WLA may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be

examined only by the Governing Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) days notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time they testify, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. WLA must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which they may leave the hearing room.
4. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness' testimony, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany them to the witness stand.
7. If one or both of the support persons is also a witness, WLA must present evidence that the witness' presence is both desired by the witness and will be helpful to WLA. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing room during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right

to have their testimony heard in a closed session if testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed a expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Governing Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Governing Board who will make a final determination regarding the expulsion. The final decision by the Governing Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Governing Board is final.

If the expulsion hearing panel decides not to recommend expulsion, the student shall immediately be returned to their educational program.

I. Written Notice to Expel

The Executive Director or designee, following a decision of the Governing Board to expel, shall send written notice of the decision to expel, including the Governing Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent's/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with WLA

The Executive Director or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include:

1. The student's name
2. The specific expellable offense committed by the student

J. Disciplinary Records;

WLA shall maintain records of all student suspensions and expulsions at the WLA. Such records shall be made available to the District upon request.

K. Right to Appeal

The student shall have the right to appeal expulsion from WLA to the Governing Board. The same procedures for the hearing before the Administrative Panel shall apply to the Board. The Board's decision to expel shall be final.

L. Expelled Students' Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

M. Rehabilitation Plans

Students who are expelled from WLA shall be given a rehabilitation plan upon expulsion as developed by the Governing Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to WLA for readmission.

N. Readmission

The decision to readmit a student or to admit a previously expelled student from another school, San Bernardino City Unified School District or WLA school shall be in the sole discretion of the

WLA Governing Board following a meeting with the Executive Director and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Executive Director shall make a recommendation to the WLA Governing Board following the meeting regarding their determination. The student's readmission is also contingent upon WLA's capacity at the time the student seeks readmission.

O. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

P. Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities

i. Notification of District

WLA shall immediately notify the District and coordinate the procedures in this policy with the District the discipline of any student with a disability or student who WLA or San Bernardino City Unified School District would be deemed to have knowledge that the student had a disability.

ii. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment or functional analysis, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

iii. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a student with a disability because of a violation of a code of student conduct, WLA, the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the student's IEP/504 Plan, any teacher observations, and any relevant information provided by the parent/guardian to determine:

1. if the conduct in question was caused by or had a direct and substantial relationship to the student's disability; or
2. if the conduct in question was the direct result of the Local Educational Agency's failure to implement the IEP/504 Plan.
3. if WLA, the parent/guardian and relevant members of the IEP/504 Team determine that either of the above is applicable for the student, the conduct shall be determined to be a manifestation of the student's disability.

4. If WLA, the parent/guardian and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the student's disability, the IEP/504 Team shall:
 - a) conduct a functional behavioral assessment or a functional analysis assessment, and implement a behavioral intervention plan for such student, provided that WLA had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
 - b) if a behavioral intervention plan has been developed, review the behavioral intervention plan if the student already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
 - c) return the student to the placement from which the student was removed, unless the parent/guardian and WLA agrees to a change of placement as part of the modification of the behavioral intervention plan.

If WLA, the parent/guardian and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then WLA may apply the relevant disciplinary procedures to students with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

iv. Due Process Appeals

The parent/guardian of a student with a disability who disagrees with any decision regarding placement, or the manifestation determination, or WLA believes that maintaining the current placement of the student is substantially likely to result in injury to the student or to others, may request an expedited administrative hearing through the WLA Board of Trustees.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or WLA, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent/guardian and WLA agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian, or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

v. Special Circumstances

WLA personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a student with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a) carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b) knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c) has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

vi. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

vii. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the District's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if WLA had knowledge that the student was disabled before the behavior occurred.

WLA shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a) The parent/guardian has expressed concern in writing or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement to WLA supervisory administrative personnel, or to one of the student's teachers, that the student is in need of Special Education or related services.
- b) The parent/guardian has requested an evaluation of the student.

- c) The student's teacher or other WLA personnel has expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the Executive Director or to other WLA supervisory personnel.

If WLA knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible students with disabilities, including the right to stay-put.

If WLA had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. WLA shall conduct an expedited evaluation if requested by the parents/guardians; however, the student shall remain in the education placement determined by WLA pending the results of the evaluation.

WLA shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined not to be eligible.

ELEMENT 11: RETIREMENT SYSTEMS

Governing Law: The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees Retirement System, or federal social security. Education Code Section 47605(c)(5)(K).

Retirement Systems

WLA will enroll all eligible certificated staff in the State Teachers' Retirement System ("STRS"). Contributions to STRS will be made at the rate as established by the STRS systems. All employees who do not qualify to make STRS contributions must make contributions to the social security system.

WLA also will offer non-certificated staff members 403(b) plans as a method of saving for retirement. The offering of a voluntary 403(b) plan does not guarantee employer made contributions.

WLA will also make contributions for workers' compensation insurance, unemployment insurance, and any other payroll obligations of an employer.

ELEMENT 12: PUBLIC SCHOOL ATTENDANCE ALTERNATIVES

Governing Law: The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools. Education Code Section 47605(c)(5)(L).

No student is required to attend Woodward Leadership Academy. Students who reside within the District who choose not to attend WLA may attend school within the District according to District policy or at another school district or school within the District through the District's intra and inter-district policies.

ELEMENT 13: EMPLOYEE RETURN RIGHTS

Governing Law: The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school. Education Code Section 47605(c)(5)(M).

No public school district employee shall be required to work at the Charter School. Employees of the District who choose to leave the employment of the District to work at the Charter School will have no automatic rights of return to the District after employment by the Charter School unless specifically granted by the District through a leave of absence or other agreement. Charter School employees shall have any right upon leaving the District to work in the Charter School that the District may specify, any rights of return to employment in a school district after employment in the Charter School that the District may specify, and any other rights upon leaving employment to work in the Charter School that the District determines to be reasonable and not in conflict with any law.

Sick or vacation leave or years of service credit at the District or any other school district will not be transferred to the Charter School. Employment by the Charter School provides no rights of employment at any other entity, including any rights in the case of closure of the Charter School.

ELEMENT 14: DISPUTE RESOLUTION

Governing Law: The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter. Education Code Section 47605(c)(5)(N).

Woodward Leadership Academy has adopted a dispute resolution process with the intent to:

- Resolve disputes within the school pursuant to the Academy's policy set forth in the WLA Employment Handbook.
- Minimize the oversight burden on the District.
- Ensure a fair and timely solution to disputes.
- Frame a charter oversight and renewal process and timeline so as to avoid disputes regarding oversight and renewal matters.

If the District determines that a violation of the Charter, MOU or law may have occurred or a problem has arisen related to the operation of the Charter School or the District's oversight obligations, or a dispute otherwise arises between the District and the Charter School the following procedures shall be followed to resolve the dispute:

1. Should the District determine in writing that the violation or issue in question constitutes a severe and imminent threat to the health or safety of the pupils, it shall not be bound by any portion of this dispute resolution process and may commence revocation proceedings immediately or take action as it deems necessary.
2. If the violation or issue in question does not constitute a severe and imminent threat to the health or safety of pupils, District will provide written notification of the violation or issue. The date that this notice is sent shall be the "Notice Date." Upon issuance of this notice, a meeting will be scheduled to discuss and possibly resolve the dispute. Both parties must have

representatives present at this meeting and under no circumstances will the meeting be held more than ten (10) calendar days after the Notice Date. The District representative at the meeting will be the Superintendent or the Superintendent's designee, and the Charter School representative will be the Board President or their designee. If the dispute is not resolved at this meeting or in strict accordance with any plan for resolution agreed upon at this meeting, the parties will proceed to Step 3.

3. The District may commence revocation of the Charter and/or other appropriate action in accordance with Education Code Section 47607 or applicable law.

ELEMENT 15: CLOSURE PROCEDURES

Governing Law: The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records. Education Code Section 47605(c)(5)(O).

Closure of the Charter School will be documented by official action of the Board of Directors. The action will identify the reason for closure. The official action will also identify an entity and person or persons responsible for closure-related activities. The closure entity will be the Executive Director, unless the Board takes action to name another individual.

The Board of Directors will promptly notify parents and students of the Charter School, the District, the San Bernardino County Office of Education, the Charter School's SELPA, the retirement systems in which the Charter School's employees participate (e.g., Public Employees' Retirement System, State Teachers' Retirement System, and federal social security), and the California Department of Education of the closure as well as the effective date of the closure. This notice will also include the name(s) of and contact information for the person(s) to whom reasonable inquiries may be made regarding the closure; the pupils' school districts of residence; and the manner in which parents/guardians may obtain copies of pupil records, including specific information on completed courses and credits that meet graduation requirements.

The Charter School will ensure that the notification to the parents and students of the Charter School of the closure provides information to assist parents and students in locating suitable alternative programs. This notice will be provided promptly following the Board's decision to close the Charter School.

The Charter School will also develop a list of pupils in each grade level and the classes they have completed, together with information on the pupils' districts of residence, which they will provide to the entity responsible for closure-related activities.

As applicable, the Charter School will provide parents, students and the District with copies of all appropriate student records and will otherwise assist students in transferring to their next school. All transfers of student records will be made in compliance with FERPA. All records of the Charter School

shall be transferred to the District upon Charter School closure. If the District will not or cannot store the records, the Charter School shall work with the County Office of Education to determine a suitable alternative location for storage.

All state assessment results, special education records, and personnel records will be transferred to and maintained by the entity responsible for closure-related activities in accordance with applicable law.

As soon as reasonably practicable, the Charter School will prepare final financial records. The Charter School will also have an independent audit completed within six months after closure. The Charter School will pay for the final audit. The audit will be prepared by a qualified Certified Public Accountant selected by the Charter School and will be provided to the District promptly upon its completion. The final audit will include an accounting of all financial assets, including cash and accounts receivable and an inventory of property, equipment, and other items of material value, an accounting of the liabilities, including accounts payable and any reduction in apportionments as a result of audit findings or other investigations, loans, and unpaid staff compensation, and an assessment of the disposition of any restricted funds received by or due to the Charter School.

The Charter School will complete and file any annual reports required pursuant to Education Code section 47604.33.

On closure of the Charter School, all assets of the Charter School, including but not limited to all leaseholds, personal property, intellectual property and all ADA apportionments and other revenues generated by students attending the Charter School, remain the sole property of the Charter School and upon the dissolution of the non-profit public benefit corporation shall be distributed in accordance with the Articles of Incorporation. Any assets acquired from the District or District property will be promptly returned upon Charter School closure to the District. The distribution shall include return of any grant funds and restricted categorical funds to their source in accordance with the terms of the grant or state and federal law, as appropriate, which may include submission of final expenditure reports for entitlement grants and the filing of any required Final Expenditure Reports and Final Performance Reports, as well as the return of any donated materials and property in accordance with any conditions established when the donation of such materials or property was accepted.

On closure, the Charter School shall remain solely responsible for all liabilities arising from the operation of the Charter School.

As the Charter School is operated as a non-profit public benefit corporation, should the corporation dissolve with the closure of the Charter School, the Board will follow the procedures set forth in the California Corporations Code for the dissolution of a non-profit public benefit corporation and file all necessary filings with the appropriate state and federal agencies.

As specified by the Budget, the Charter School will utilize the reserve fund to undertake any expenses associated with the closure procedures identified above.

CONCLUSION

Woodward has met the renewal criteria to be approved for a five-year renewal, has a plan underway to meaningfully address the underlying causes of low performance, will achieve strong post-secondary options, has a permanent facility, and is part of a stable organization with strong leadership. Grades 3-6 will participate in the practice CAASPP test 7 times during the year prior to the administration of the actual test in the Spring. The charter school is taking meaningful steps to address the underlying cause(s) of low performance, and those steps are reflected in a written plan adopted by the governing body of the charter school. Students and families are demanding high-quality school options in San Bernardino. It is an equity imperative to renew Woodward Leadership Academy in order to continue on the trajectory of growth we have demonstrated before the pandemic.

By approving the renewal for Woodward Leadership Academy, SBCUSD will be fulfilling the intent of the Charter Schools Act of 1992: to improve student learning; increase learning opportunities for all students especially those who are identified as academically low achieving; create new professional opportunities for teachers; and provide parents and students with expanded choices in education, and to follow the directive of the law to encourage the creation of Charter Schools. The WLA Board of Directors maintains their commitment to the families of our community and will continue to gird ourselves with the tools and resources necessary to make decisions that will positively impact our school and the families therein. San Bernardino will benefit by having another opportunity to help our city by educating students in a smaller learning community. The Petitioners are enthusiastic about the opportunity to continue their work with the District to continue on the path of becoming a model charter school. To this end, the Petitioners pledge to continue to work cooperatively with the District to answer any concerns over this document and to present the District with the strongest possible proposal requesting a five year renewal term from July 1, 2025 to June 30, 2030.

Providing Woodward with a five-year renewal is not only in the best interests of its students but also in the best interest of the future of San Bernardino.

Administrative Services

Governing Law: The manner in which administrative services of the charter school are to be provided. Education Code Section 47605(h).

Woodward Leadership Academy will be constituted as a California Non-Profit Public Benefit Corporation and will be governed by a Board of Directors as described in the Charter petition. An Executive Director will have the responsibility for leading the school under policies adopted by the school's governing board. WLA will contract out to a third-party administrator with experience providing back-office services to California charter schools. The Executive Director will oversee the work of the business services company, which handles all back-office business functions, including: accounts payable/receivable, general accounting, payroll, and insurance and benefits administration. The company will ensure that all reporting is submitted accurately and in a timely way, including all government financial reporting, attendance reporting, and payroll/benefits reporting. The company will also assist Woodward Leadership Academy staff and Board on business issues that arise during the year, such as MOU negotiations, financial modeling of programs, strategic planning, transportation, and others. The company will help the Executive Director and the Woodward Leadership Academy Board create and monitor the annual budget and will provide monthly financials, cash flow projections and analysis.

WLA plans to continue to contract out to the Creative Back Office. The Charter School does anticipate purchasing some services from the District. We intend to purchase IEP mandated services from the District. The specific terms and cost for these services will be the subject of an annual Memorandum of Understanding. Woodward Leadership Academy shall retain the right to separately purchase additional administrative or other services. Any administrative services to be purchased from the District shall be mutually agreed upon and outlined in a separate Memorandum of Understanding. In addition, pursuant to Education Code Section 47604.32, the District will be required to provide oversight and performance monitoring services, including monitoring school and student performance data, reviewing the school's financial statements and audit reports, performing annual site visits, engaging in the dispute resolution process, and considering charter amendment and renewal requests.

Facilities

Governing Law: The facilities to be used by the charter school. The description of the facilities to be used by the charter school shall specify where the charter school intends to locate. Education Code Section 47605(h).

Woodward Leadership Academy is now located at the Temple Community Outreach Center/T. Hughes Building, located at 1777 W. Baseline Street, San Bernardino, CA 92411.

Potential Civil Liability Effects

Governing Law: Potential civil liability effects, if any, upon the charter school and upon the school district. Education Code Section 47605(h).

The Charter School is operated as a California non-profit public benefit corporation. This corporation is organized and operated exclusively for charitable purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code and California Revenue and Taxation Code Section 23701(d).

Pursuant to Education Code Section 47604(d), an entity that grants a charter to a charter school operated by or as a non-profit public benefit corporation shall not be liable for the debts or obligations of the charter school or for claims arising from the performance of acts, errors or omissions by the charter school if the authority has complied with all oversight responsibilities required by law. The Charter School shall work diligently to assist the District in meeting any and all oversight obligations under the law, including monthly meetings, reporting, or other District requested protocol to ensure the District shall not be liable for the operation of the Charter School.

Further, the Charter School and the District shall enter into a Memorandum of Understanding, wherein the Charter School shall indemnify the District for the actions of the Charter School under this charter.

The corporate by-laws of the Charter School provide for indemnification of the Charter School's Board, officers, agents, and employees, and the Charter School purchases and maintains general

liability insurance and fidelity bonding to secure against financial risks. The District shall be named an additional insured on the general liability insurance of the Charter School.

The Charter School Board maintains appropriate risk management practices as discussed herein, including screening of employees, establishing codes of conduct for students, and dispute resolution.

As documented in the charter petition, WLA has taken, and is taking, meaningful steps to address the underlying causes of low academic performance, and those steps are reflected in a written plan adopted by the WLA's Board of Directors. Additionally, the Petition demonstrates clear and convincing evidence showing the Charter School achieved measurable increases in academic achievement, defined as at least one year's progress for each year in school. WLA therefore respectfully requests the San Bernardino City Unified School District Board make a finding about each of those points, specific to the particular petition, setting forth specific facts to support the findings, to approve the charter renewal petition. The Charter School has provided educational benefit to students during the preceding term as measured by evidence of both growth and continuity for students during the period of disruption at the height of the pandemic. WLA meets the criteria for renewal and should be granted a renewal.

The California Charter Schools Act of 1992 was created to provide opportunities for teachers, parents, pupils, and community members to establish and maintain schools that operate independently from the existing school district structure, as a method to accomplish all of the following:

- A. Improve pupil learning.
- B. Increase learning opportunities for all pupils, with special emphasis on expanded learning experiences for pupils who are identified as academically low achieving.
- C. Encourage the use of different and innovative teaching methods.
- D. Create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.
- E. Provide parents and pupils with expanded choices in the types of educational opportunities that are available within the public school system.
- F. Hold the schools established under this part accountable for meeting measurable pupil outcomes, and provide the schools with a method to change from rule-based to performance-based accountability systems.
- G. Provide vigorous competition within the public school system to stimulate continual improvements in all public schools.

The Charter School shall continue to work independently yet cooperatively with the District to establish the highest bar for what a charter school can and should be, and for what elementary and middle school students can achieve. To this end, Woodward Leadership Academy pledges to work cooperatively with the District to answer any concerns over this Petition and to present the District with the strongest possible proposal requesting a charter renewal term.

Appendix A

Founding Group

In 2011, a group of dedicated members of San Bernardino County collaborated with the larger educational stakeholder community to provide an excellent educational opportunity for elementary school students. The founders agreed to name the school after the late Captain Edward W. Woodward, Sr., as a tribute to the strides he and fellow Tuskegee Airmen made during WWII and beyond. The founders were authorized by San Bernardino City Unified School District to open Woodward Leadership Academy, and thus began the journey in the San Bernardino community in the Fall of 2012.
